

# EVAN PLATEL

Student · Mathematics & Physics Bachelor —  
University of Western Brittany

## About me

As a motivated student with a passion for astrophysics, I am thoroughly and highly organized. Accustomed to working in teams, I easily integrate into collaborative environments and contribute to group projects in a structured and effective manner. Curious, independent, and committed, I am fully invested in the tasks entrusted to me.

## Work Experience

### Summer 2025: Receptionist at the Occupational Medicine department in Iroise.

This position enabled me to strengthen my communication skills by interacting with colleagues, patients, and diverse professional contacts. I learned to convey information clearly, maintain professionalism in all exchanges, and adapt my approach to suit different audiences.

### Year 2021: Observation internship at Thales

This internship offered a comprehensive understanding of research and development practices within the military industry. I gained exposure to the full lifecycle of innovation, from concept design to testing and implementation.

## Skills

### Languages

- English (B2)
- Spanish (A2)
- French (Native)

### Tools

- Computer skills
- Autonomy in completing tasks
- French language and writing skills
- Ability to understand and use scientific notions

## Educational Background

### Bachelor of Mathematics and Physics

University of Western Brittany

Sep 2025 - Present

- Currently in the first year of the program

## Additional Information

### Interests

- Music, I've been playing the piano since 2015
- Astrophysics
- Visual arts, I love museums

### High School Diploma with Honours

Amiral Ronarc'h High School

Sep 2021 - Aug 2025

### Middle School Certificate With Distinctions

Simone Veil middle school

Sep 2017 - Aug 2021
